

<u>Design</u> <u>Technology</u>

Food Technology

Investigating the origin of Greek food and the variety of foods they eat. Then we will choose some recipes to cook and add our own twists to.

Dreams and Goals

Looking at our dreams and goals and how we stay motivated even when things become challenging.

We will discuss how we must work hard towards our goals and how this is often not quick to achieve.

Music

Ukulele

This will be taught by our music specialist Mrs Judge.

French

Learning vegetables in French and how to use the conjunction 'and' to be able to speak and write longer

Ancient Greeks

What was daily life like for the Ancient Greeks?

We will be learning about daily lives for different groups of Ancient Greek people.

Looking at schooling in Athens and Sparta.

Famous Ancient Greeks, including Gods and Myths

Important Ancient Greek People and their influences on the wider world.

Pengelly Class **Topic Web**

Literacy

Grammar Focus, focusing on nouns, both common and proper and verbs and how to recognise them in a sentence.

Story writing focusing on opening scenes and the use of strong description and endings as possible cliff hangers.

Non-chronological reports on Ancient Greek Mythical creatures.

Persuasive writing in the form of adverts.

Numeracy

Year 3 and 4

Continued learning in Multiplication and Division.

Length and Perimeter, including how to calculate.

Mass and capacity, including converted measurements.

Fractions, of shapes and amounts, mixed number and improper.
