

Our DT work in the second half of the term will be based on gardening. We will focus on cutting, shaping, joining, finishing.

Music

The children will learn how to listen to and appraise a variety of songs. They will improvise using voices and instruments. They will learn a wide range of musical vocabulary and use these words correctly when answering questions.

RSHE

Relationships:

We will identify the members of our family and understand that there are lots of different types of families. We will identify what being a good friend means to us and identify appropriate ways to greet our friends. We will learn who can help us in our school community . We will discuss people who are special to us, and identify ways we can appreciate them.

Trenoweth Class Topic Web

Summer Term

English

Some of our Literacy work will be based on our 'Read, Write, Inc' books each week. We will also learn the story of 'Little Red Riding Hood' and will particularly focus on writing a forest setting description. We will progress on to writing a diary and will learn how to write poetry. In the second half of the term we will focus on character descriptions, story writing, and information texts.

Maths

A variety of topics will be covered including:

Year 1: Length and Height, Mass and Volume, Multiplication and Division, Fractions. Position and Direction, Money, Time

Year 2: Length and Height, Mass, Capacity and Temperature, Fractions, Time, Statistics, Position and Direction

PE

Athletics —Children will learn how to run at different speeds for different distances, jump over hurdles and throw a range of implements.

Games - The children will learn how to send and receive a ball using a racket, working on their accuracy. They will use the skills they have learned and apply them in a team game.

History

The children will be learning about the history of the seaside. We will learn how they were similar and different to seaside holidays now.

Geography:

We will be learning about the geography of Praze, focusing on map skills, and contrasting the village with a UK city.

Science

Children will be identifying the four seasons and learning about the changes that happen in Spring, Summer, Autumn and Winter, and the impact this has on plants and animals. We will also be looking at ways to measure rainfall.

Computing

Programming - We will be learning about what algorithms are, focusing on sequencing instructions to make something work. We will learn how to predict routes, and sequence direction commands to achieve an objective. We will learn how to debug simple programs.

Art

We will be focusing on 3D skills, linking this with our class topics for the term. We will be using clay and salt dough to combine models successfully with drawings and paintings.

RE

We will learn about the good news that Christians believe Jesus brings. We will focus on how Christians believe Jesus teaches about forgiveness and peace. In the second half of the term, we will learn about what makes some places in Cornwall sacred.
